

CUHP Leadership Programmes

Learning to Lead Programme: May to December 2016

Advice on course funding

We have tried to keep the costs of this programme as low as possible, and also ensure that there is high quality faculty and a good quality programme experience for participants. Our advice is firstly to ensure that you have the support of your Divisional Director, educational supervisor or line manager that this is an appropriate programme for you at this stage in your development and then to pursue the following options:

- Study leave funding
- Funding through your immediate line manager
- Funding through your clinical division lead/director
- Funding through your HR leadership/organisational development lead

If you pursue these avenues and have no success, please contact us and we will do whatever we can to assist you and support you to achieve funding.
